United Arab Emirate

Profile

Results-driven Full Stack Web Developer with extensive experience building scalable, high-performance web applications. Highly proficient in modern web technologies, including React, Next.js, Node.js, and database management. Passionate about delivering client-focused solutions and collaborating with teams to create innovative, efficient, and user-friendly applications.

Skills

React.js, Next.js, Vue.js, Angular, Svelte/SvelteKit, Express.js, NestJS, Django, FastAPI, Spring Boot, Laravel — JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS/SASS, Node.js (JavaScript/TypeScript), Python, PHP (Laravel), Go, Java/Kotlin

Professional Experience

2023 – Present

- Grew up watching my parents write programs, which sparked my passion for coding from an early age.
- Developed numerous programs and projects during school and college, building a strong foundation in programming and problem-solving.
- Started my professional career in 2023 after graduating and have been continuously seeking new challenges and projects to expand my skills.
- Experienced in building full-stack web applications, managing databases, and integrating frontend and backend technologies.

11/2019 – 07/2023

- Developed web apps with Laravel, Node.js, and React.
- Designed and optimized databases for fast, reliable performance.
- Collaborated with teams on responsive design and code quality.
